

# DRIGGERS- A.M. TO SPAIN

ASSOCIATE MISSIONARIES

Greetings in the name of the Lord! July has come and gone! This month in Spain:

- There was great attendance and a great spirit of unity at the Regional Men's Conference. Over 150 men from all over the Region worshipped together with 12 churches represented.
- Jeanna attended and helped with a music workshop in a neighboring region. It was a great time connecting with others Pastors and music teams. During one lesson, one woman was filled with the Holy Ghost!
- In Barcelona, 7 received the Holy Ghost and 3 were baptized.
- Many invitations were passed out and contacts were made at a service held in the park in El Prat. We are currently holding our weekly "home groups" in area parks for the summer.
- We are preparing for an upcoming Family Camp and a National Music Convention in the month of August!

THE CHURCH IN EL PRAT HAD AN OUTREACH SERVICE IN THE PARK

THERE WERE 150+ MEN AT THE REGIONAL MEN'S CONFERENCE

JEANNA HELPING AT A MUSIC WORKSHOP IN THE EASTERN REGION

## Divine Appointments and Connections

Jared received a call Monday morning from a woman at a nearby church. Her friend and co-worker wanted to be baptized!

The woman from the local church had connections to the real estate market in

Barcelona and had helped us in the search for an apartment for the newest AIM family in May. We had been having trouble getting responses from realtors and reached out for help. She quickly connected us with another woman in the business who had more connections and could help us with all the paperwork. We didn't necessarily want to

pay more people for their help but we felt it was the best option. The whole process was at times frustrating; losing bids on apartments, making more appointments, having banking issues with which the friend had to help us with.

It was hard to realize in the moment that the Lord was using this new AIM family and a frustrating situation to force frequent contact, communication, and time between a spiritually hungry person and His church, but that was what was happening. The friend/ co-worker wanted the peace, hope, and transformation that she saw in the woman from the church and the AIM families. So, Monday morning, Jared and the Tingley family met them and baptized her in Jesus Name! Thank you for your continued prayers and support. God bless!
