

Praise the Lord!  
We had a great month!

1. Various church members prayed and people received the Holy Ghost on their own as they visited with them during bible studies.
2. 1 baptized in Jesus name and several more filled with the Holy Ghost during normal church services.
3. We traveled to an orphanage and taught a bible study and sang songs to about 30 children thanks to a new convert to our church who works with them. He WAS a Jehovah's Witness and is now a tongue talker!

3. A BIG thank you to the Liberty Global team that came for 2 weeks and helped us put on the first 5 day Even Greater conference in Chiang Mai! The team was led by Pastor Brian Lane and Pastor Eric Hall from Indiana.  
There were 19 people total that came from different parts of America.

We had 5 Thai board members that attended including Bro Thepbodin (General superintendent) and others from around the country. Several members from their churches also came with them.

The conference consisted of 3 days and nights of teaching and 2 nights of outreach and evangelism.

The team stayed at the Holiday Inn and all the Thai visitors had a nice clean dorm style facility to sleep every night at the campgrounds as well as provided meals. Sis Nui, who translates for many national conferences was also there to help with translating as well for the first 3 days and nights.

There was a Q&A session after one of the services with Pastor Lane. The Thai church and board members asked great questions.

Bro Thepbodin and the board members there were very happy with the results and extended an invitation during a service to the team to return to Thailand at anytime to do more conferences.

Everyone traveled to Bangkok afterwards for R&R and a man who had watched our services via Facebook Live contacted T and asked us to come pray for him. Members of the team traveled about 30 minutes, just outside of the city and prayed for him and several members of his house. He is a TV producer with a major Thai station. People were healed and filled with the Holy Ghost.

We had lunch with Pastor Jalan from Bangkok and he and his wife extended their thanks for the services and what a blessing they were for them.

here is the final report

154 filled with the HG 15 Baptized in the back of a truck on-site  
Approximately 5-7 deaf/dumb children were healed and able to speak.
