

I AM GLOBAL

Sarah Harker
July 2019

We went to the Freedom Festival in Warsaw!

Week One: Our first week in Warsaw we focused on getting to know the area. We visited many parks and figured out how the buses work. For our Fourth of July celebration, we had a dinner at our house and we went to go order hamburger meat at the deli and ended up with pork meat, we think!

We went and picked up our city cards!

Week Two: During our second week we focused on doing many prayer walks throughout the city and checking out different districts within Warsaw. We were also able to attend the freedom festival that took place in Old Town. We also did some grocery shopping and I went to order 1/2 pound of lunch meat at the deli and ended up leaving with 4 pounds!

Week Three: During our third week, a few of the AIMers that are in Latvia came to give us a surprise visit and we were able to show them around Warsaw. During this time we were also able to make contacts around the city!

A few of the AIMers in Latvia came to visit us!

Week Four: During this last week of the month, we continued to go out a make contacts and evangelized. We also a service in the park and were able to give out a few sandwiches and water bottles to some of the homeless people in the park.

This last month in Poland has been absolutely incredible and I have loved this city of Warsaw more and more every single day!
