08-04-19

Brothers Howell, Poitras, Buckland, Gration, Wickett and Global Missions Staff:

Greetings in the precious name of our Lord Jesus Christ!

We trust all is well with each of you. We are fine and excited to be back here in the Fiji Islands on AIM for our 9th consecutive year. It is such a pleasure to work with Missionary Troy Wickett and his precious family who are such an asset to the work here in Fiji and the South Pacific region of the world. They really look after my wife and me and are a tremendous blessing to us. We have adopted their children as our grandchildren.

Great things continue to take place in Fiji. God is pouring out His Spirit and many miracles are taking place across these islands. In the six weeks we have been back here, we have been involved in the following:

The above is a recap of our activities for our first full month on AIM 2019. We are expecting even greater revival in the weeks and months to come this year. We love being here and thank God continually for Him calling us to serve among awesome people in such a beautiful country. We appreciate each of you that have placed confidence in us by approving us to serve here on AIM. We recognize that we can only plant and water, but it is God who gives the increase. We give all glory and honor to him for anything and everything that has been accomplished across these islands.

May God bless each one of you is our sincere prayer!
