The Pooles' News 2nd Quarter 2019

BLESSINGS!

- ALL the churches and individuals who gave to help us get set up! (Big shout out to Bro Hopkins and the Jacksonville church for storing our RV)
- Finding a house and vehicle within 7 days of arrival in Lesotho (Bro Abernathy had to leave us at our home WITHOUT the vehicle but we were able to pick it up later that day. Whew!)
- Thanking God for a 2 year stint repairing computers in AZ since one of the 2 office computers decided not to play nice!

PROGRESS!

- Learning Sesotho (pronounced seh-SUE-too)—the primary language outside the capital city. Made contact with Kabi at the City Library who is helping us. There is no language school for Sesotho!
- Traveling to the village churches to meet and encourage them.
- Giving direction to and establishing more accountability in both the local and national church.

PRAYERS NEEDED

- Finding property for a Bible School and Headquarters church.
- Outreach in the capital city, Maseru

KEA LEBOHA! (kay-ah leh-BOH-hah) THANK YOU!
