

# *AIMing For Finland*

---

## *July 2019*

It was a fantastic month here in Finland! We worked with the team in Helsinki to finish planning and setting up for Nordic Conference (UPCNC19). The conference lasted 3 days and featured several special speakers from across the organization including Rev.

Michael Tuttle (EME Regional Director) and Rev. Robert Kelley (North Europe Area Coordinator). We feel blessed to have had the opportunity to serve in different roles during that time. Amy had the amazing opportunity to work both beside International Evangelist Sis. Vickie Oliver in the Children's Conference sessions; she was also part of the worship team under the direction of Sis. Andrea Nutt, while Philip worked as primary Sound Engineer for the entire Conference.

During this time of powerful prayer and impacting ministry, 8 people received the infilling of the Holy Ghost, speaking in tongues for the first time! We were in awe of how God worked in mighty ways in this conference! With heartfelt gratitude, we say “Thank you” to the body of Christ for praying for our team and the entire country of Finland during this time!

Following the conference, we were able to enjoy some fellowship and team building time which included a short day trip to Tallinn, Estonia. We are very thankful for our team here in Finland! God has certainly bonded the team with a great spirit of unity. We look forward to what God has in store for this country!
