Reaching Refugees

Earlier this month, AYC passed out food bags to refugees. We didn't see any immediate results. Weeks later, three refugee women attended a service and were **BAPTIZED in Jesus Name**. They had received food bags weeks before. When we plant seeds, God brings the increase! Glory to God!

Youth Revival

It was such an honor to speak at the Crossroads Youth Revival! We dedicated our lives to the King of Kings. I believe the young people are the **KEY** to the **NEXT LEVEL**. They are going to change lives, plant churches, set fire in their schools, and impact generations.

Αντίο Ελλάδα

Three months flew by so fast! My journey is over for now, but I'll treasure every memory. I will miss taking adventures with the youth and teaching kid's church. I will especially miss the Moreno children! Overall, I will miss Greece. My heart found a home; I will never be the same.

Testimony:

I was on my way to a youth outing when I felt a tap on my shoulder. A woman asked me, "Are you a Christian?" This simple question led to a 20 minute conversation about God and salvation. We exchanged numbers, and I continually pray for her and her family.
