

Greetings Everyone,

Here is the summary report for our first month of being in Malaysia:

- We arrived on location in the first week of August.
- With the help of Bro. Clement, Sis. Suk and Bro. Shalm, we found and moved into a good condo. It seems like the Lord was saving it for us. We are very thankful for the location and space.
- We are now mobile with a rental car. Stephen is learning how to drive on the different side of the road. So far so good! Started learning to shop the different stores and markets.
- Met with the young adults (hyphen) to start planning a retreat in September.
- We have had several meetings with Bro. Clement and Sis. Suk to work on priorities for the English congregation and larger scope projects.
- Preached on August 18th. Two people received the Holy Ghost. We are all very thankful!
- Stephen has started helping at Sis. Suk's tuition centre helping students with English, math, and science.
- Attended the Malaysian General Conference where we met many of the ministers. We also were able to connect with Bro. and Sis. Buckland! Plans are forming for us to help with the Bible college that will be started.
- Started meeting with people in the church to develop relationships.
- Have started Wednesday night Bible study for the English congregation.
- Have started the process of getting the English congregation set up in a database for efficient communication, discipleship, and attendance tracking.
- Started developing newsletter to send to supporters.
- Preached on September 8th about miracles, four people claimed miraculous healing. All glory to God!

Please let us know if you have any questions.

Thank you!

In His Service,
Stephen and Emily
