

Vision Statement

Not my will, but His will.
Not by my might, but by His power.
Not by sight, but by faith that
I will walk in the way He has called me.

Training started September 2nd in Riga, Latvia. We also made it in time to attend the Apostolic Power Conference. In this conference, prophecy went forth about the works being done and the works to come. What an amazing experience it was.

Līvu Square(pictured), is one of many places we were able to explore while training in Latvia.

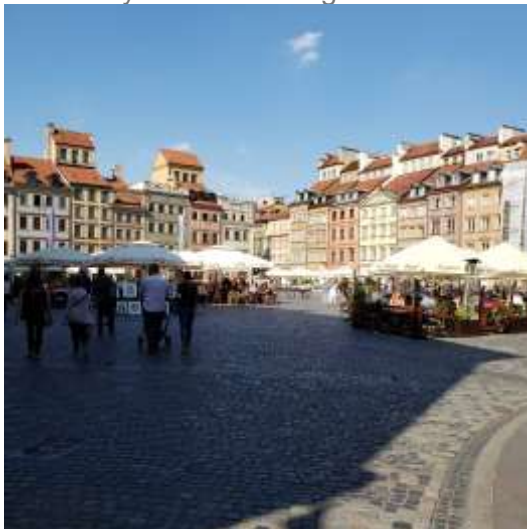

Laura and Erin arrived in Riga, Latvia! We are excited for the training they will go through this week, and cannot wait to have them join the team in Warsaw.
#VisionWarsaw

Poland, we have arrived!

After a few weeks of training in Riga, we head out to continue our training in Warsaw, Poland. We have classes and practicum every week. And we will continue to grow in God.

Prayer Walks

Ogród Saski, is one of many parks that we have walked through. Not only is it beautiful, but it is full of life, with a constant flow of people. This gives opportunity for us to connect with people from many different backgrounds.

Evangelism

Our team continues to do evangelism throughout the city. Going through different districts and making connections with the culture and locals.
