August 2019

August 1-7 The city of Ventspils had it's birthday celebration on August 3rd. They went all out with decorations and people showed up! I am excited to see the crowds of people that will show up for the revival services in the near future. Pray that the church in Ventspils continues to grow strategically to handle the harvest that is ready and waiting.

August 8-14 The summer has finally felt like it is starting to slow down. Keylee and I continued with evangelism and working with the contacts we have made so far. It's fun to see the change in their lives, as well as the growth in my own life over this summer.

August 15-20 These were some sad and exciting days. I've never had so many mixed emotions about taking the next step of my journey. Leaving people who had become friends, and friends who had become family is harder than I ever imagined, but my comfort is Jesus. Every part of this summer was made possible by Him, and I know that the next step is towards "greater" for my own life and His Kingdom.
